## MUSIC WORKSHOPS FOR ALL AGES!

Come and join Bessy Bass and her new friends, Spud'n'Spencer Spoon and the members of the Kitchen Band, in one of our workshops.

**Bessy Bass Ltd** and **Jo May** have teamed up to create workshops which follow on from the story.

**THE WORKSHOPS** are creative and sustainable and focus on Spud'n'Spencer Spoon and the Kitchen Band. Workshop participants have the opportunity to try out rhythms using the Spoons, Frying Pan, Washboard and Kitchen Bass, as well as other percussion instruments such as shakers and drums, inspired by items found in the kitchen. They will learn to play along with tunes featured in the story and also create their own music. Bessy Bass (standard size double bass) and her little brother Benny Bass (1/4 size, mini double bass) will also be there to join in the fun and participants can learn to play an easy bass line too.

**THE AIM** is to facilitate music-making by creating an awareness of sound and rhythm in everyday objects, making it accessible to all and encouraging creativity. Participants can continue this exploration of sound themselves and with friends, creating their own instruments and music.

**WHO CAN TAKE PART?** The workshops are suitable for ALL ages, children and adults alike.

**WHERE ARE THE WORKSHOPS HELD?** We can bring our pop-up workshops to almost any venue such as schools, halls, festivals, offices and private homes for parties.

**HOW LONG ARE THE WORKSHOPS?** The workshops are tailor-made for each booking and can range from 1 hour up to a day.

Please contact us at: [www.jomaypercussion.co.uk](http://www.jomaypercussion.co.uk) or [www.bessybass.com](http://www.bessybass.com) to discuss your workshop requirements and costs.
